ABOUT THE UNIVERSITY

Vikrama Simhapuri University, Nellore, came into being, fulfilling the long-cherished dream of the people of SPS Nellore District by the Legislature of the State of Andhra Pradesh and published in the Andhra Pradesh Gazette on 24th September 2008 in 83.33 acres allotted site on the National Highway No 5. Meanwhile the University Grants Commission conferred recognition on the degrees awarded by Vikrama Simhapuri University under Section 22 of the UGC Act vide its communication No.F.9.2/2010 (CPP-I/PU) dt.20 January 2010. Subsequently, the university is also sanctioned 2(f) and 12 (b) Status by University Grants Commission. The University is admitted as a full member into Association of Commonwealth Universities with its executive office in London, UK. The University is now one among 500 institutions across the world for having membership in the association.

The University has extending its services through affiliated colleges in SPS Nellore District offering Undergraduate/ Post Graduate programmes. Vikrama Simhapuri University is offering Post Graduate and Research Programmes in Arts, Science, and Commerce & Management. Funded and sponsored research schemes are in progress. Members of the teaching faculty have authored a good number of research papers, research reports and text-books. Departments have conducted number of seminars, workshops, symposia and conferences. In addition, quite a few collaborative research schemes sponsored by CSIR, DBT, DST, ICSSR, UGC etc have been/are being carried out. The University is thus tuned to help knowledge dissemination and skill development in frontier areas to enable the empowerment of the youth.

ABOUT THE CENTRE FOR INNOVATION, INCUBATION AND ENTREPRENEURSHIP

The major goal of University in the region, being the knowledge epicentre, will naturally able to champion multitude of initiatives to motivate, create, promote, exploit, and diffuse knowledge and innovations into its immediate and larger society. This will be accomplished by uplifting the innovative ideas among the students, research scholars and faculty members and also nurtured their innovative and inventive ideas in a proper way. Therefore, innovation which frequently occurs outside academic milieu, through blending of inventive thinking and creative experimentation, would be required to nurture by providing an organized research eco-system. Thus, to motivate and promote the innovative thinking abilities among the University stakeholders an ecosystem is of prime concern. Therefore, the institution established a Centre for Innovation, Incubation and Entrepreneurship to find out the spectacular solution among the students, research scholars, faculty members, and industries.

The other major goal of centre for incubation and innovation is to promote innovative and executable ideas from various disciplines of basic sciences, and creative fields and helps them to translate the ideas into products, processes or services for the benefits of society as well as industry. The incubation centre support handhold aspiring entrepreneurs by providing facilities, assistance to start, incubate and successfully run businesses that involve innovation, societally important and environmentally relevant technologies. Incubatees will be offered with office, workspace, communication, computation facilities, uninterrupted power supply and water etc. in addition to mentoring, counselling and training.

THEME OF THE WORKSHOP

As a part of entrepreneurship activities, the Centre for Innovation, Incubation and Entrepreneurship organized a workshop on Entrepreneurship through Aquaculture. The major goal of this workshop is to promote Aquapreneurship through Potential Aquaculture Systems. In this workshop, demonstration of handling of shrimps, crabs and fishes and also provide entrepreneurship activities in the area of aquaculture. Further, the workshop includes the current perspectives of aquaculture in India.

INVITED SPEAKER

Dr. B. Kishori
Associate Professor
Dept. of Biotechnology
SPMVV, Tirupati-521502, AP, INDIA

REGISTRATION FORM

There is no registration fee. However, participants should registered their names on or before 05-06-2022. All the participants will get participation certificates after completion of the programme. The participants will get a manual of the workshop on request.

Entrepreneurship through Aquaculture**

**Invited speaker
Dr. B. Kishori**

**Department of Biotechnology
SPMVV, Tirupati**

Time: 10.00 AM; Venue: Sir. C.V. Raman Hall

Date: 06-06-2022

Brief report of the topic

One day workshop on Entrepreneurship through aquaculture was held on 06-07-2022 organized by Centre for Innovation, Incubation and Entrepreneurship at VikramaSimhapuri University, Nellore. Dr.Ch Vijaya, the coordinator, Centre for Innovation, Incubation and Entrepreneurship highlighted the objectives of the workshops and introduced the speaker, Dr. B. Kishori, Department of Biotechnology, Sri PadmavathaiMahilaViswavidyalayam, Tirupatito the audience. Dr. Kishori said that the aquaculture is moved from traditional source of income into a business sector now a days and is heavily reliant on technology. Fisheries and aquaculture is acting as a supplementary subsistence activity to viable and sustainable economic activity in most of the States including Andhra Pradesh. In addition to fisheries, hatchery industry including shellfish culture is gaining importance as an attractive investment destination and a lucrative business activity. With the changing consumption pattern, emerging market forces and recent technological developments, the sector has assumed increased importance with farmers and other stakeholders in the country. Fish and shellfish including edible crustaceans consumption has recently increased worldwide with high demands in the developing countries. Fish is anticipated to be the most major source of protein in the human diet on a global scale, and it is believed that more than 30% of all fish consumed by humans comes from aquaculture.

Aquaculture sector is gaining popularity not only because of high protein food source but also as a revenue spinning industry. Therefore, DrKishori suggested the students to develop skills in aquaculture which consequently turns the youth into future entrepreneurs. Further, DrKishori said, there is a wide scope of research in aquaculture. For example, so far the seed to seed technology in hatchery industry is still at its infancy as compared to fisheries. Therefore, students can choose such areas and develop technology to promote seed to seed technology in crustacean aquaculture industry.

During the workshop a total of 48 students participate and the participants were provided with a manual of the workshop and certificate. Dr Ch. Vijaya expressed vote of thanks to the speaker.

Entrepreneurship through Aquaculture” on 06-06-2022
