ABOUT THE UNIVERSITY

Vikrama Simhapuri University was established in the year 2008 at Nellore, AP, India. The University, came into being, by Act No.29 of 2008 enacted by the Legislature of State of Andhra Pradesh. The university was 12 (B) status in 2020 by the University Grants Commission, New Delhi. The University is making its mark at the National and International levels in both academic and research outputs. The University presently, is offering twenty one Post-Graduate Courses and two PG Diploma Courses. The courses are designed keeping in view of the scope for development and the resources available in the region. The University also offered Ph.D. programmes in eleven disciplines, namely Biotechnology, Business Management, Chemistry, Commerce, Computer Science, English, Economics, Marine Biology, Social Work, Physics and Zoology. A university can grow successfully only when research and teaching methods together seamlessly - one without the other is incomplete. Therefore, to accomplish this task, Vikrama Simhapuri University provides an ecosystem to ensure the development of a collaborative environment conducive to learning, exposure to the best international practices and promotion of innovation and creativity.

ABOUT THE DEPARTMENT OF BIOTECHNOLOGY

The Department of Biotechnology came into existence in the year 2008 with a vision to provide high quality academic activities, interdisciplinary research activities and also facilitates a strong teaching base in biological sciences with an active collaboration of industries and health-care institutions. Department has highly-qualified, experienced team of faculty members specialised in thrust research areas viz. Animal and Plant Sciences, Aquaculture, Microbial and Industrial Biotechnology. The faculty members also published several research papers in reputed International journals. The department is offering two-year M.Sc. course and also full-time Ph.D. research programme in the thrust research areas. At present 21 research scholars are working for their doctoral degree and 5 Ph.Ds were awarded so far. The research programs offered at the level of Masters are highly competitive and enjoy significant demand in biomedical and pharma sectors. Department of Biotechnology is also supported by DST-FIST, New Delhi and 10 research projects from various funding agencies such as DST, DBT, NMPB etc. to the tune of Rs. 5 crore. To develop think-tank abilities among the students, research scholars and faculty members, the Department of Biotechnology is actively engaged in organizing various academic activities through Workshop/Seminar/Conference/Symposium. The Department of Biotechnology also acts as an ecosystem dealing with the state of art technologies wherein scientists of international repute are invited to deliver lectures. It has also been instrumental in providing platform for discussion and debates on current and relevant scientific topics.

OBJECTIVES

The main aim of the programme is to promote awareness among the students with respect to the Entrepreneurship skills and Internships/project works at Government Institutions.
