ABOUT THE UNIVERSITY

Vikrama Simhapuri University, Nellore, came into being, fulfilling the long-cherished dream of the people of SPS Nellore District by the Legislature of the State of Andhra Pradesh and published in the Andhra Pradesh Gazette on 24th September 2008 in 83.33 acres allotted site on the National Highway No 5. Meanwhile the University Grants Commission conferred recognition on the degrees awarded by Vikrama Simhapuri University under Section 22 of the UGC Act vide its communication No.F.9.2/2010 (CPP-I/PU) dt.20 January 2010. Subsequently, the university is also sanctioned 2(f) and 12 (b) Status by University Grants Commission. The University is admitted as a full member into Association of Commonwealth Universities with its executive office in London, UK. The University is now one among 500 institutions across the world for having membership in the association.

The University has extending its services through affiliated colleges in SPS Nellore District offering Undergraduate/ Post Graduate programmes. Vikrama Simhapuri University is offering Post Graduate and Research Programmes in Arts, Science, and Commerce & Management. Funded and sponsored research schemes are in progress. Members of the teaching faculty have authored a good number of research papers, research reports and text-books. Departments have conducted number of seminars, workshops, symposia and conferences. In addition, quite a few collaborative research schemes sponsored by CSIR, DBT, DST, ICSSR, UGC etc have been/are being carried out. The University is thus tuned to help knowledge dissemination and skill development in frontier areas to enable the empowerment of the youth.

ABOUT THE CENTRE FOR INNOVATION, INCUBATION AND ENTREPRENEURSHIP

The major goal of University in the region, being the knowledge epicentre, will naturally able to champion multitude of initiatives to motivate, create, promote, exploit, and diffuse knowledge and innovations into its immediate and larger society. This will be accomplished by uplifting the innovative ideas among the students, research scholars and faculty members and also nurtured their innovative and inventive ideas in a proper way. Therefore, innovation which frequently occurs outside academic milieu, through blending of inventive thinking and creative experimentation, would be required to nurture by providing an organized research eco-system. Thus, to motivate and promote the innovative thinking abilities among the University stakeholders an ecosystem is of prime concern. Therefore, the institution established a Centre for Innovation, Incubation and Entrepreneurship to find out the spectacular solution among the students, research scholars, faculty members, and industries.

The other major goal of centre for incubation and innovation is to promote innovative and executable ideas from various disciplines of basic sciences, and creative fields and helps them to translate the ideas into products, processes or services for the benefits of society as well as industry. The incubation centre support handhold aspiring entrepreneurs by providing facilities, assistance to start, incubate and successfully run businesses that involve innovation, societally important and environmentally relevant technologies. Incubatees will be offered with office, workspace, communication, computation facilities, uninterrupted power supply and water etc. in addition to mentoring, counselling and training.

Brief Report

Department of Biotechnology and Centre for Innovation, Incubation and Entrepreneurship jointly organized a workshop on “Plant tissue culture and Entrepreneurship”. Hon’ble Vice Chancellor, the Chief Guest of the programme said that “due to anthropogenic activities and afforestation many plants with medicinal value ruined”. To protect the plants, a proper technology is required and the probable answer could be Biotechnology. Further, Hon’ble Vice Chancellor said that the development of plant tissue culture provides entrepreneurship activities. Dr. S.B. Sainath, Organizing Secretary spelled out the objectives of the workshop and DrKiranmai, Assistant Professor, Department of Biotechnology signified the importance of plant tissue culture and also carried out hands-on workshop to the students about the plant tissue culture aspects. During the workshop 35 students from the Department of Biotechnology and Food Technology participated and learnt the concepts of plant tissue culture. Dr. Sainath stressed the importance of entrepreneurship and also said that prototype development concepts in tissue culture to protect the endangered plants can be patented. Further, plant tissue culture is one of the emerging areas and students may utilize the plant tissue culture facilities at V.S. University. During the workshop, manuals and certificate of participation were given to the students.
