Brief Report of the programme

Development of Innovative ideas is one of the important aspects of invention. However, inculcating the development of innovative ideas of societal importance is crucial. To address this topic, Centre for Innovation and Incubation organized a one day online webinar on "How to develop innovative ideas of societal needs". The invited speaker, Dr. J. Pradeep Kiran, Texas Tech University Health Sciences Center, Internal Medicine during his talk said that the blend of academic and research activities acts as a platform to develop innovative ideas. As an example, he said that the students of IIT, New Delhi developed innovation towards the conversion of banana waste to napkins. Further, he said that the students should inculcate the research attitude and then the thinking process begins on its own. He also covered important aspects of intellectual property rights and ethics in research. During the event a total of 106 students participated in the event and interacted with the invited guest. Dr S.B. Sainath, Assistant Professor, Department of Biotechnology, VSU gave concluded remarks and Dr. KVL Shirkania rao, Assistant Professor, Department of Biotechnology, VSU proposed vote of thanks.
