I, Vice – Chancellor of Vikrama Simhapuri University, have great pleasure to present the Annual Report for the Academic year 2018-2019. Vikrama Simhapuri University was established in 2008 in the erstwhile combined state of Andhra Pradesh. VSU is a paradise of pristine nature and idyllic beauty with a sprawling campus of 83 acres.

Throughout its existence over one decade, the University has shown remarkable progress and set its own benchmarks in all aspects. The University embraces all the core values of education system and strives to quest for excellence and to realize them in a substantive way. The University offers 17 courses led by expert faculty. Each course exemplifies the hall mark of VSU in its academic progress.

Value-based Education system is the main motto of the University and plays a key role in making Higher Education accessible to all aspirants from different geographical locations, cultural and socio-economic back grounds of the society and strives to make embrace the diverse forces to foster an inclusive environment. The University continues to enjoy strong support from across the community, including Government and industry aiding for it's over all development. The reason for our University continuous development is that we work tirelessly to maintain its positions whilst adapting to changing demands of Higher Education.

We have built up excellent scientific equipment for engaging Higher-end Research. The University has relished its success in achieving its Objectives as a result of an uncompromising commitment to excellence. University plays a key role in transforming graduates to become good citizens and enhance their skills to meet the changing needs and requirements of job market environment and face the challenges that they come across in their lives. Throughout the year University has witnessed significant progress towards achieving its objectives and we are looking forward with a great zeal of optimism and excitement for forthcoming years. I thank all our staff, Research scholars, students and the civil society for their constant and continuous support and commitment to our success.

*GENESIS AND
HISTORY*

History of the University

Vikrama Simhapuri University, Nellore, came into being, fulfilling the long-cherished dream of the people of Nellore district, re-christened Sri Potti Sri Ramulu Nellore district since 2008, by Act No. 29 of 2008 enacted by the Legislature of the State of Andhra Pradesh and published in the Andhra Pradesh Gazette on 24th September 2008. Prior to this, the University was formally launched by G.O.Ms. No. 89, Higher Education (U.E.II) Department, dated 25.06.2008. This GO makes history in the field of Higher Education in Andhra Pradesh since it paves the way for the establishment of six new Universities in six districts in Andhra Pradesh.

Nellore finds mention in Dongalasan epigraph of 1160 AD. The name is said to have been derived from 'Nelli' trees (*Perma Latifolia*) which were abundant in the region. The name Nellore has a Tamil origin as well. 'Nellu' in Tamil means paddy, indicating that the place is known for its rich harvest of paddy. Hence Nellore was also known as Dhanyapuri.

The name Vikrama Simhapuri derives itself from the literature and the inscription of 12th Century AD which mentions the place as 'Vikrama Simhapuri'. This name is linked to an early Pallava ruler, Simha – Vishnu (575 – 600 AD), though the Pallava inscriptions either of Simha – Vishnu or of the latter period did not refer to Simhapuri in spite of the fact that Nellore remained a part of the early Pallava territory of pre - and post - Simha Vishnu period. Nellore was under the reign of the Pallavas, Cholas, Chalukyas, Kakatiyas, and the Vijayanagara Empire. The city was known as Vikrama Simhapuri and was the capital of Manumasiddhi of Nellore Cholas in the thirteenth century. Tikkana, the poet, it was conjectured, was a Minister in the court of Manumasiddhi and with the help of the Kakatiya Kings with whom he forged enduring relationship through his poetry. He was instrumental in getting military support from Warangal for his King unveiling a saga of heroism. Thus the name Vikrama Simhapuri University suggests how time past is present in time present and is carried forward hopefully into time future, by this new University.

Nellore has a rich and varied history of the confluence of cultures. Historical evidence shows through some Jaina vestiges in and around Nellore that in Kanuparthypadu and Krishnapatnam, apart from a number of other places, Jainalayas and pallis (monasteries) were found, as evidenced from a record of Kulottunga III (1178-1226 AD). Nellore is referred to also as Palli Vikrama Simhapuri. It is interesting to note that Vardhamana Jaina's Lanchana (emblem) was Simha, the lion.

Further, that a major part of Nellore district and the river Penna were generally assumed to form the southward extent of Mauryan Empire is well attested to by the discovery of silver punch-marked coins in the villages of Duvvuru and Alluru. This again shows how the history of Nellore reveals a mosaic of absorption.

After the founding of the city of Nellore by the Pallavas in the sixth century AD, it rapidly gained in political and commercial importance. The Telugu Cholas have a crucial importance in the cultural and social history of Andhra in the translation / transcreation of the Mahabharata into Telugu by Kavibrahma Tikkana who made his Mahabharata a vehicle of a message of amity between the warring creed of Saivism and Vaishnavism. Inaugurating a movement of the introducing the spoken Telugu idiom into poetry, Tikkana revolutionized the poetic idiom and language. Molla, the author of Telugu Ramayana, Ketana, known as Abhinava Dandin, and Marana who translated Markandeya Purana into Telugu are among the immortal poets of the district.

Archaeological material remains seen at the Telugu Chola temples in Krishnapatnam, the Vijayanagara temple at Mallam, the cave temples at Bhairava Kona are important sources that speak volumes about the cultural and art history of Nellore district and the holistic traditions that Nellore has absorbed, reflected, and transmitted to future generations.

The district is also known for its maritime trade and Krishnapatnam has come back into the mainstream of maritime trade again as an emerging port city. The valuable contribution the district has made in pre- and post-Independence period through letters, memoirs, autobiographies, diaries, translations, and other writing of a number of celebrities is also remarkable. The year - 2008 marks the centenary year of the stalwart statesman and man of letters Dr. Bezwada Gopala Reddy. Contemporary journals of Nellore have enriched the understanding of the political, social, historical, and cultural aspects of human endeavor.

Vikrama Simhapuri University is thus situated in an ambience of great cultural awakening, fascinating journeys of the mind, and rapid economic development. In the globalized context of development of the district with its beacons of modernity like the SHAR, Krishnapatnam Port, SEZs, etc., the locale demands the University a vision and a mission that reflect this saga of progress. The University is thus tuned to help knowledge dissemination and skill development in frontier areas to enable the empowerment of the youth.

THE LOGO

Vikrama Simhapuri University

The description of the university Logo is as under:

The "*Sudarsana Chakra*" indicates immortality of the pursuit of dispelling the forces of Darkness leading to the dawning of the light of *Truth* and *Wisdom, Tamasoma Jyotirgamaya*. It also shows how VSU carves itself out of the territorial jurisdiction of SV university, Tirupati.

The "*V*" sign stands for *Vikrama Simhapuri university*, set against the backdrop of Refulgent glow of the rising sun signifying the establishment of a university in Sripoti Sriramulu Nellore district. There is image of Chandrayan launched by Shar, encircling the "*V*" sign zooming into the Skies, Signifying the *Exploration* and *Discovery of Knowledge*

The "*Ashoka Chakra*" symbolizes the *Quest for Dharma*, lays foundation of equality

The "*Poorna Kumbha*" signifies the "*Sense of fulfillment*", totality that follows True Education

సత్యం జ్ఞానమనంతమ్

The Motto "*Sathyam Gnanamanantham*" is taken from the "*Anandavalli*" of Taittiriya Upanishad. This proclaims the Truth, Knowledge and Wisdom are Infinite and Eternal.

VIKRAMA SIMHAPURI UNIVERSITY

Emblem

The Emblem of Vikrama Simhapuri University carries on its top the Sudarsana Chakra indicating the immortality of the pursuit of dispelling the forces of darkness leading to the dawning of the light of truth and wisdom, Tamasoma Jyotirgamaya. The Sudarsana Chakra also shows how Vikrama Simhapuri University carves itself out of the territorial jurisdiction of Sri Venkateswara University, Tirupati. At the bottom of the emblem is the Purna Kumbha, the edifice on which the emblem is poised, signifying a sense of fulfillment, a totality of being that follows true education. In the middle is the Asoka Chakra, symbolizing the quest for dharma that is inclusive. It obliterates distinctions and lays the foundations of equality, and thus access, both of which form the bedrock of the spread of education in tune with the lofty idealism of a democratic society. Nellore, once “Dhanyapuri” or “Nel-ur”, is known for its agriculture and hence the vistas of the paddy field in the emblem. Then there is the “V” sign standing for Vikrama Simhapuri University, set against the backdrop of the refulgent glow of the rising sun signifying the new order sought to be ushered in by the establishment of a University in Sri Potti Sri Ramulu Nellore district. Against this horizon of change betokened by the emblem, there is the image of Chandrayan launched by SHAR circling the “V” sign and zooming into the skies, into the infinite space of the universe and into the exploration and discovery of knowledge. The circling of Chandrayan reveals the intertwining of objectives and quests between the University and the world of rapid technological advance. It points in the direction of the spirit of collaborations and common pursuits in search of true unraveling. Chandrayan also represents the transition from an agricultural phase to the technological realm, which Nellore has witnessed in the recent decades on account of the thrust on industrialization and the rapid concourse of trade and commerce consequent on the development of the Krishnapatnam Port.

The Sanskrit epithet for the motto “Satyam Gnanamanantham” is taken from the “Anandavalli” of Taittiriya Upanishad (2.1.1). This sruti vachana proclaims that truth, knowledge and wisdom are infinite and eternal.

IQAC

As per the NAAC guidelines, the Vice-Chancellor has reconstituted IQAC (Internal Quality Assurance Cell) to develop a system for conscious, consistent and catalytic improvement in overall performance of Institution and to promote measures for institutional functioning towards Quality enhancements through internalization of quality culture and institutionalization of Best practices. IQAC is a vehicle for ushering in quality enhancement. It ensures continuous improvements in all operations of institution and stake holders.

Student Performance (Statistical Data)

VSU Examination Cell

The Examination Cell of Vikrama Simhapuri University (VSU) is headed by the Controller of Examinations with supporting staff. VSU examination cell consist of three

sections, viz. confidential, UG and PG & Professional courses. The major responsibility of examination cell is smooth conducting of examinations of all courses offered in the University College and its affiliated colleges in fair and systematic manner. The VSU examination cell looks after the processing of examination application forms, issue of hall tickets to the students, the conduct of examinations, issue of Marks Memos (Consolidated & Duplicate), Provisional Certificates, Transcripts and Migration Certificates etc. Further, VSU Examination cell looks after processing of PG & Ph.D. thesis/ dissertation, assist in conduct of university convocation and maintains the student's records pertaining to examinations. VSU Examination cell regularly updates results and all the student related information onto Jnanabhoomi portal apart from updating onto the Manabadi, VS University website. VSU examination cell appointed two Additional Controllers of Examinations separately for both UG and PG courses to assist Controller of Examination in preparation, updation, moderation of question papers of various courses, centers allotment, sitting observer appointment, flying squad, preparation of exam notifications, time tables, monitoring the bundling, coding, evaluations activities, processing and declaration of results and reevaluation. All the activities of VSU examination cell are monitored and supervised by Dean Examinations.

Salient features

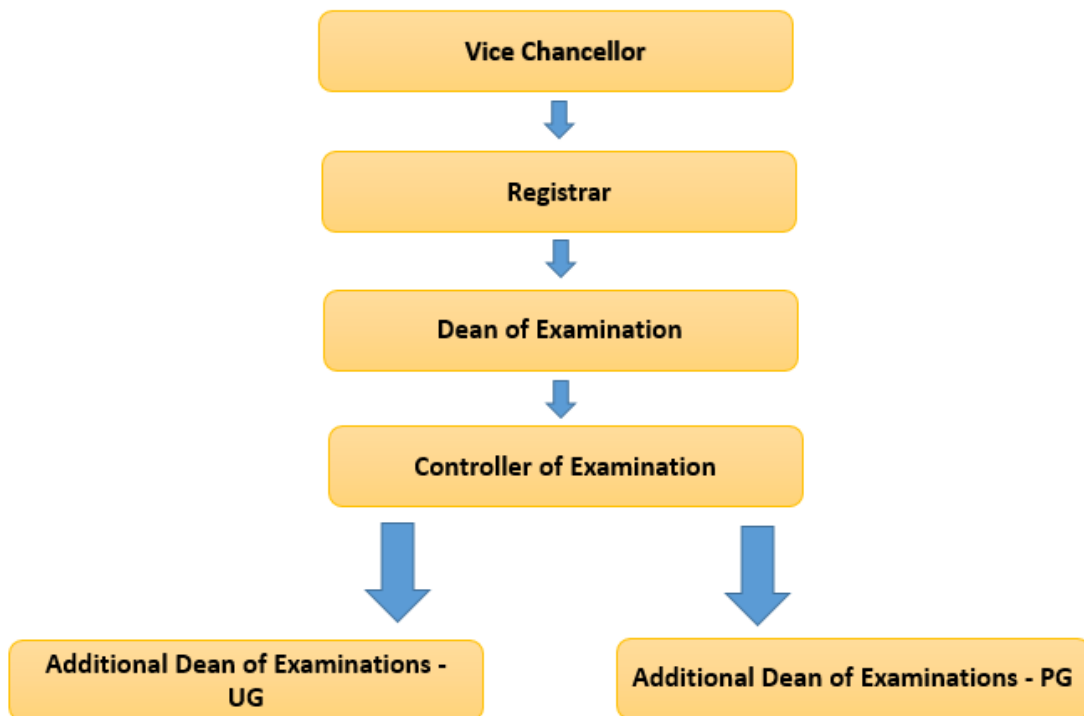

- Total six semesters for UG courses and four semesters for PG courses where each semester contains maximum six subjects.
- Colleges containing link in the mail can view and print the hall ticket and also can login into the system using login id and password to modify or update their students' details.
- The Online payment system is implemented for paying the examination fee both exams and reevaluation.
- Jumbling system of allotment students to the examination centres for theory examinations.
- Cent percent prevention of malpractices through CCTVs at examination halls of all examination centres.
- Bar coding & stickering of answer scripts for quick and accurate processing with greater confidentiality.
- Centralized evaluation of answer scripts.
- Speedy announcement of results
- Web based announcement of results for greater transparency
- Online examinations for internal exams of VSU college is also introduced for all the course
- The results of the students provided to the Jnanabhumi Portals of Andhra Pradesh through Web hosting for the purpose of Scholarship and for other statistical reports as required by the Government.

- The Digital Certificates are designed and hosted to the National Academic Depository (NAD) as directed by the UGC, New Delhi.

Examination cell is equipped with the following items

1. High end Computers for processing and analysis of results
2. Photocopying machine and Scanners
3. 10KV UPS
4. LAN and WiFi for interconnecting

Extension Outreach
&
Student Activities

Placements:

The university has a placement Cell which helps students in exploring career placement opportunities by inviting companies for campus recruitment drive of students.

VSU has a well laid-out systematic process of meeting student career aspirations and corporate requirements. This process is transparent and mutual beneficial in assisting companies to get "Right Candidate" for their organizations and students in getting their "Dreams Jobs".

Industry-Academia Interface:

Synergy between Industry and academia meets the changing Challenges of Business environment. Relationship between the academia and industry is not just one of technology donor-recipient, but is of interactive, collaborative, participative nature spanning respect for each other's role and contributions to bring about research production integration-the true purpose of such interactions. Here, industry- academia interactions are viewed as a system where active participation of all players is

important. It is observed that the changing Complexity of the Business environment has enforced the industry and the academia to develop close links to create the synergy. The interface between these two has led to increasing mutual dependence to ensure their better survival in their domains. There is a tremendous need for academia industry interaction. All the Stakeholders, namely: Institutions, Industry, Students and Society stand to gain, as it can be a *"win-win" partnership*. In light of this understanding, academia has designed different model of industry academia interface. In this context, recently we have organized an university industry – Interaction (one day work shop) on 14.02.2019, by the Department of Business Management. The objective of work shop is to bring all the industry people in one roof to discuss on views issues faced by industry and university and bring about changes in the curriculum so as to meet the requirements of industry.

Objectives:

- Teaching - communicates knowledge to students, stimulating their interest in it, and preparing them to take up industry jobs.
- Designing the course curriculum and other value added programmes based on industry requirements.
- Bring-in consultancy project.
- Create employable students **"Industry-ready students"**.
- Curriculum, faculty, infrastructure, pedagogy improvements in line with the industry's requirements of demand for skilled professionals
