Venue: Seminar Hall, VSU College

Date: 30th October 2019

CENTRAL VIGILANCE COMMISSION (CVC)

CVC being the apex Vigilance Institution of the Country has been striving to promote probity and integrity in Governance One of the primary objectives of CVC is to create public awareness against corruption. Observance of Vigilance Awareness Week every year is one such measure for achieving this objective. The Commission has decided that this year the Vigilance Awareness Week would be observed from 28th October, 2019 to 2nd November, 2019. This year the theme of Vigilance Awareness Week is **“Integrity – A way of Life”**.

The Commission has been laying stress on the efficacy of preventive vigilance in curbing corruption. Preventive Vigilance could broadly be described as a package of measures to improve systems and procedures in a way to reduce scope for description and eliminate corruption.

Corruption is a serious unethical practice that undermines trust and confidence in public officials and public confidence can only be gained by integrity in governance. Economic and social progress, rule of law, democratic values and a strong civil society are some of the basic prerequisites in building integrity system to sustain the fight against corruption in society. In order to attain a corruption free society, all stake holders including government, citizens and also the private sector must share the responsibility for creation of awareness of corruption as well as refrain from indulging in unethical acts

Aware, active, involved and empowered public is therefore, essential to any anti corruption campaign. Anti corruption strategies are not simply policies that can be planned in advance and isolation, but often a set of subtler insights that can be developed only in conjunction with public participation Combating corruption is, therefore, not just a matter of making laws and creating institutions, but is deeply rooted in human values and morals of individuals and the fight against corruption cannot be won without citizens support, participation and active vigilance by all concerned. The Commission, has, therefore chosen **“Integrity – A way of Life”** as the central theme for Vigilance Awareness Week 2019.

POWERGRID

Power Grid Corporation of India Ltd., (A "Maharatna" Central Public Sector Enterprise) under the aegis of Ministry of Power, Govt of India. POWERGRID notified as Central Transmission Utility under Electricity Act'2013. POWERGRID transmits about 50% of the total power generated in India on its transmission network and it is one amongst the large Power Transmission Utilities in the world.
