Name of the programme: National Webinar on machine Learning using Python

Date: 15-03-2021

Mode: Online

Number of participants: 100

### **Brief Report of the webinar**

A one day Webinar on "Machine Learning Using Python" was organized on 15th March, 2021 by the Department of Computer Science, VSU Nellore. Prof. C. Nagaraju Department of CSE, Yogi Vemana University YSR Kadapa Dist, Prof. Y. K. Sundhara Krishana, Dept. of Computer Science, Krishna University, Machilipatnam, Krishna District was the speaker of the day. There were more than 100 attendees present from different colleges around the country this webinar enlightened the students about the world of Machine Learning using Python. . One of the reasons for this massive response was because machine learning has an amazing future and is very interesting for young students, scholars and for the faculty in terms of skill development.

The outcomes of this webinar are:

- Understand the components of a Machine Learning algorithm.
- Apply Machine Learning tools to build and evaluate predictors
- How Machine Learning uses computer algorithms to search for patterns in data
- How to uncover hidden themes in large collections of documents using topic modeling
- How to prepare data, deal with missing data and create custom data analysis solutions for different industries
- Basic and frequently used algorithmic techniques including sorting, searching, greedy algorithms and dynamic programming
- Familiarity with Python installation, syntax and design
